Walk to School Week

Next week we will be encouraging all our children to take part in this national drive to cut down on car use. Many of our children already walk and we know that some of you need to drive in from surrounding areas. However, there are ways to show support for this week...

Car sharing - contact someone who lives near you and share lifts for the week.

Ride in - use a bike or scooter to come to school.

Park and Stride - park in the Community Centre and walk round to school.

Walking Bus - arrange to meet up with other families on the Community Centre car park, with a couple of adults walking the group of children in, while the others can head off for the day.

Leave early, arrive at leisure - reduce anxiety, avoid the rush for parking places and arrive relaxed and on time.

There are many benefits to supporting this week apart from the ones above. It promotes healthy habits for life, a cleaner environment and reduces the parking issues around the school run, so please do your best to think and act differently!

Outdoor works on site

Work on our outdoor area by Reception class began today. The first phase is a shelter attached to one side of the class which can then be used for outdoor activities in all weathers. This means that the area will have restricted use while the work is completed. Further work will be done on installing a softer surface and play equipment during this term. In the next few weeks we are also due to complete the work to the fencing and gate, leading to the British Legion car park.

Noticeboard

Some of you will have experienced the hold ups outside the Old Police Station while the work is underway. It would be best to avoid using Park Road if you are in a hurry!

"How to Train your Dragon"
Tickets for our PTA Film Night on Friday are on sale this week.
Don't forget the Storehouse Funday this Saturday 15th May from 1pm-4pm.

Stagecoach - free trials!

For those of you interested in song, dance and drama, there are a limited number of free sessions at Stagecoach in Nantwich.

For those considering enrolling, there is information by the school office, or you can phone Vicky Charlton (Principal) on 01829 759353

A FINAL WORD...

A Massive thank you from Cathy Hemingbrough and Barnardo's for your support throughout the year. The discos, canal boat trip, messages on skirt, sponsorship money, marathon day and Year 2's toy stall together raised over £1300 which is amazing!! In total, I will have raised well over £2000 to help give children a better start in life.
And yes... Crazy Cathy really is crazy: I'm going to run it again next year but without the fundraising.. I'll fund it myself.
Well I need to beat this years' time of 5:05:23!!
